UNDER THE PATRONAGE OF

On the occasion of ExpoTunnel exhibition the **Italian Tunnelling Society** organises the international congress "[Tunnelling and Underground Space in Europe Development](#)", which will take place on **October 17-19** at the Palazzo dei Congressi in **Bologna - Italy**.

It is still possible to send **an abstract by February 28**. The scientific committee will evaluate all received documents and will select those that will be orally exposed during the congress. All participation methods are available on the [ExpoTunnel website](#).

The congress offers an occasion to know and appreciate the most important **underground works** that have been completed or are still in progress both in Italy and abroad. The leading-edge technology together with all typological innovations allowed by the absence of surface restrictions will be presented as well as the benefits for running costs, the environment and logistics associated with the safety conditions that the choice of an **underground solution** can guarantee.
